PRIVATE SECRETARY'S OFFICE.

NOTIFICATION.

ROYAL MILITARY COLLEGE, SANDHURST.

Entrance examination at Simla.

No 1.—In connexion with the usual entrance examination to be held in Simla during the latter half of May 1927 for the selection of candidates for admission to the Royal Military College, Sandhurst, for the term commencing at Sandhurst in September 1927, the following information is published for the use of intending candidates. The exact dates of the examination will be notified later.

Object of institution.

1. The Royal Military College is maintained for the purpose of affording a special military education to British candidates for commissions in the Cavalry, Infantry and Royal Army Service Corps of the British Service and to British and Indian candidates for commissions in the Indian Army. It is intended exclusively for those who desire to make the Army their permanent profession in life.

Anglo-Indian candidates are also permitted to compete at the entrance examinations under the same conditions as Indian candidates, but domiciled Europeans of pure European descent may compete at the Sandhurst entrance examination in England only.

Age limits.

2. Candidates must be between the ages of 18 and 20 on the 1st July 1927 and must state their age *definitely*. No exception to the prescribed age limits can, in any circumstances, be made.

Qualifying examination and educational standard.

3. Candidates must be prepared to pass a qualifying examination, the detailed syllabus of which is printed as Appendix A to this notification. The general educational standard required is that prescribed for the diploma of the Chief's Colleges, a school-leaving certificate recognized by a Local Government, the Matriculation examination of an incorporated University or any higher examination.

Oral examination.

4. Candidates will, in addition, undergo a special oral test which will be conducted by a Board of Officers convened under the orders of His Excellency the Commander-in-Chief. This test is to enable the Board to form an opinion as to the candidate's general character from the point of view of his suitability as an army officer.

Medical examination.

5. Candidates will be examined by a Medical Board at Simla and will not be accepted unless they are pronounced physically fit for His Majesty's service. The general standard demanded is that laid down in Appendix B to this notification.

The Board has power—

(a) To pass the candidate as physically fit.

(b) To report the candidate as unfit, but—

(i) In a case in which the defect can be cured by operation or treatment, to recommend that, if successful in the competition, he be re-examined by a Medical Board after such operation or treatment.

(ii) In a case in which the candidate is slightly below one or other of the conditions as to

height, chest, girth, etc., enumerated in Appendix B and in which the Board considers that he is likely to attain the required standard before the time comes for him to be appointed to a commission, to recommend that, if successful in the competition, he be allowed to join the Royal Military College subject to the condition that, unless at the end of the course he is found to reach the standard which his increased age and height demand, he will not receive his commission.

(c) To reject a candidate as physically unfit.

A candidate who has been passed by a Medical Board as physically fit in connexion with the previous Army Entrance Examination will *not* be exempt from being re-examined by a Medical Board.

Candidates are required to attach to their applications a *medical certificate from a competent medical Officer* to the effect that they come up to the prescribed standard, *and also a vaccination certificate* that they have been successfully (or twice unsuccessfully) vaccinated within the last five years.

Parent or guardian's declaration.

5. Candidates are required to furnish a declaration in the following form signed by their parents or guardians:—

"I, _____ father / guardian of _____ a candidate for admission to the Royal Military College, Sandhurst, am able and willing to pay the prescribed fees and meet the incidental expenses.

It is my intention to make the Army my son's / ward's permanent profession in life.

Signature of parent or guardian.

Free passage and travelling allowances.

7. Subject to the restrictions specified below, free passage will be admissible on the following occasions:—

(i) to selected candidates attending the medical and qualifying examinations in India from their homes and back;

(ii) when nominated to join the Royal Military College, Sandhurst, from their residence to Great Britain.

The amount admissible on account of railway, river and sea journeys within Indian limits will be restricted to one first-class fare for each candidate. The amount admissible for road journeys will be restricted to the mileage rate of first-class civil officers when travelling on duty.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras. Passages by sea from India to the United Kingdom will be arranged by the Embarkation Commandant, Bombay, under orders from Army Headquarters.

No travelling allowance is admissible to candidates in connexion with their journeys to Madras or Ootacamund, as the case may be, for the purpose of interviewing His Excellency the Governor.

Accommodation at Simla.

8. Unless a Government building is available, candidates will be provided with private accommodation usually in a hotel at Simla. Candidates will be charged for messing, but the cost of the rent of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are precluded, by caste, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will, on no account, be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while at Simla.

In no circumstances will candidates or their parents, guardians, relatives, or friends, be permitted to interview any officer of the Army Headquarters Staff, other than the officer detailed for the purpose, or any other person connected with the examination or selection of candidates. An attempt to do so is liable to entail the disqualification of the candidate.

Voyage to England.

9. Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters, and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

Return passages.

Indian Cadets who pass out of the Royal Military College, Sandhurst, in July annually, will, if they so desire, be granted return passages to India at Government expense, by private steamer. Any cadet however who, to suit his own convenience, does not take advantage of this concession by the 1st September of the year in which he passes out will be detained in Great Britain for passage by transport to India.

Fees.

10. The fees for cadets at the Royal Military College, Sandhurst, are shown below and are exclusive of contingent expenses and sundries, etc. (*see* paragraph 11):—

12. The sum for sundries includes additional expenses during the vacation, such as travelling and entertainments. The expenses of cadets will, as far as possible, be kept within the above limits, but the parents or guardians of cadets must be prepared to pay any excess over these amounts.

13. The above estimate does not provide for European kit on arrival in England other than the amount required for College uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided.

14. An allowance of 4*s.* a day, in aid of the expenses of messing, washing, and other contingencies, will be admitted as a charge against the public for each cadet so long as he is in residence at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

15. If a cadet is absent a whole term in consequence of rustication, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

16. If a cadet is rusticated or removed during a term, his daily allowance shall cease from the date of such rustication or removal, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

17. (a) If a cadet is absent from sickness during a portion of the term, his allowance shall continue to be issued and credited to his account. In exceptional cases a refund of the contribution for the period of absence may be authorized by the Commandant, and in such cases the cadet's allowance shall cease for the period of the refund.

(b) If a cadet is admitted for treatment to a dieted military hospital, stoppages will be charged for the period of his detention in hospital at the following rates:—

(i) 2*s.* 6*d.* a day during the period that the daily allowance specified in paragraph 14 continues to be credited to his account.

(ii) 12*s.* a day if and when the daily allowance ceases to be credited to his account by reason of the contribution, or portion thereof, due under paragraph 10, for the period of his absence not having been paid or having been refunded in accordance with paragraph 14.

Payment fees, etc., parents guardians.

18. Parents or guardians of candidates are required to pay two-thirds of the estimated expenditure (i.e., either (a) £371-18-0, *or* (b) £518-16-0) before the beginning of the first term of the Sandhurst course and the remainder one-third (i.e., either (a) £185-18-0, *or* (b) £258-8-0) before the commencement of the third term.

As it is impossible for Indian cadets to return to India during the vacations, arrangements will have to be made for their accommodation in England during these periods, either by their parents or guardians or by the India Office on behalf of the latter.

Course of instruction

19. The normal length of the course of instruction will be about eighteen months divided into three terms. The College terms will be:—

Spring term.—From about beginning of February to about middle of June.

Autumn term.—From about beginning of September to about middle of December.

The intermediate periods will constitute the vacations.

20. The subjects which form the course of studies, which are liable to alteration from time to time, are given in the following table:—

Subject.

Tactics, Artillery, Field Engineering, Hygiene.
Map reading and Field Sketching.
Organization and Administration.
Military Law.
History and English (including Military History).
Geography.
Alternative Subject (Science, French or Advanced History).
Drill.
Equitation.
Weapon Training.
Physical Training.

21. The aggregate marks will determine the cadet's place in order of merit when passing out for appointment to a commission.

22. To qualify for promotion to a higher term, a cadet will be required to obtain not less than 6* % of the aggregate marks allotted to the term.

To qualify for appointment to a commission from the third term, a cadet will be required to obtain not less than 6* % of the aggregate marks allotted to the term.

To count marks in any subject, a cadet must obtain not less than 4 of the total marks allotted to that subject for the term.

23. At all examinations a deduction of marks, up to 5 per cent of the maximum, will be made for handwriting which is difficult to read. A similar deduction, up to the same limit, will be made for bad English spelling.

These deductions will not reduce below the qualifying minimum the aggregate marks obtained by the cadet.

24. A cadet who fails to obtain the qualifying minimum of marks for any term will LOSE THAT TERM, and will forfeit all claim to compete for appointment

* This figure has been temporarily reduced to 5.

to the Indian Army. He will be warned that if he fails at a subsequent examination he WILL BE REMOVED FROM THE COLLEGE.

25. In order to ensure due deligence during the whole period of residence, there will be an examination at the end of each term conducted either by the instructional staff of the Cadet College or by independent examiners.

26. When a cadet passes out of the Cadet College, the Commandant will certify that all debts have been paid. In those cases where the certificate cannot be given, the granting of a commission will be liable to be withheld unless such debts are discharged.

27. All cadets are expected to pass the Regulation Army Test in swimming; those who cannot swim on joining the Cadet College must attend instruction in swimming. Any one who ultimately fails to pass the test will, at the discretion of the Commandant, lose not more than 200 marks he has gained in physical training.

28. The case of a cadet who misses an examination or part of an examination, owing to sickness or through no fault of his own, will be specially considered by the Commandant, who will report the action taken to the Under Secretary of State, the War Office. In no case should more than 70 per cent of the marks allotted to the examination missed be allowed.

29. Cases of protracted absence on account of ill-health will be referred to the War Office for decision.

At each final examination there will be awarded—

(a) The King's Medal and a sword to the cadet who passes out first on the list.

(b) The Norman Medal to the senior Cadet appointed to the Unattached List for the Indian Army.

(c) A sword of honour as a special reward to the most deserving cadet of the term.

(d) A prize for proficiency in each subject.

30. At the end of each autumn term, the Anson Memorial Sword will be given in lieu of the ordinary sword to the cadet who passes out first on the list.

31. A cadet who drops a term from causes other than sickness, unavoidable on his part, will forfeit all claim to prizes, to the King's Medal, the Norman Medal, and to the Anson Memorial Sword.

CADET SCHOLARSHIPS.

32. Twenty-three Cadet Scholarships for the Royal Military College, in value, £30 each, will be open for competition half-yearly to cadets who have completed their first year of instruction at the Cadet College and who are sons of officers who gained their commission through an Officer Cadet Unit during the Great War.

33. Cadet Scholarships will be awarded to those cadets who are eligible under paragraph 32 and who are highest in order of merit according to the marks allotted under paragraph 37.

34. In the event of the number of candidates eligible under paragraph 32 falling short of the number of cadetships available, the remaining cadetships will be open for competition to cadets who are the sons of serving or retired officers of the Royal Navy, the Regular Forces and the Royal Air Force.*

35. A cadet who has been rusticated or who has dropped a term for other reasons than sickness (*see* paragraphs 54, 55 and 24) will not be eligible for a Cadet Scholarship.

36. The following marks will count towards Cadet Scholarships :—

(a) All marks gained by cadets in their first year which count towards the aggregate (*see* paragraph 20).

(b) Marks for each cadet who represents the Cadet College at sports at the rate of 100 marks for each "blue," and 50 marks for each "half blue."†

(c) Marks for promotion gained during first year at the rate of 200 marks for corporal and 100 marks for lance corporal.

37. While no enquiry will be made into the means of the parents or guardians of cadets, Cadet Scholarships are essentially designed to give assistance to those who stand in need of the emoluments attached to them. Parents or guardians of cadets will therefore be invited to resign the emoluments of a Cadet Scholarship should they be in a position to do so, retaining the titular distinction for their sons or wards. The emoluments so resigned will be offered to the next cadet on the list who is eligible. A list of cadets to whom Cadet Scholarships have been awarded will be published each half-year.

38. Should a cadet who has gained a Cadet Scholarship be subsequently expelled or removed, or dropped into a lower term than that in which he originally started on joining the Cadet College for other reasons than sickness (*see* paragraphs 54, 55 and 24), he will be called upon to surrender the emoluments gained as a cadet scholar.

A cadet scholar who forfeits his cadetship will be liable to refund such portion as may be determined by the Army Council of the financial benefits that he has received as a cadet scholar.

39. King's India Cadets and Honorary King's India Cadets will be permitted to compete for Cadet Scholarships, provided they are eligible.

SCHOLARSHIPS FOR OFFICERS APPOINTED TO COMMISSIONS IN THE REGULAR ARMY FROM THE ROYAL MILITARY COLLEGE.

40. Scholarships of the annual value of £50, tenable for five years, are granted to officers appointed to commissions in the Regular Army from Royal Military College, Sandhurst.

41. Six scholarships will be allotted half-yearly, commencing with the Regular Army candidates gazetted in February 1926, which will make cadets joining the Royal Military College in August 1924 eligible to compete.

42. The following will be recipients† of these scholarships :—

(i) The cadet awarded the Sword of Honour.

(ii) The cadet passing out with the highest aggregate of marks.

(iii) The cadet, admitted to the College under Army Order 412 of 1923, obtaining the highest aggregate of marks.

(iv) The cadet passing out with the second highest aggregate of marks.

(v & vi) The two cadets recommended by the Commandant as the next most deserving on the grounds of all-round efficiency.

43. Payment will be made by the Army Agents of Paymaster issuing the officer's pay, in ten instalments of £25 each issued half-yearly in advance. The first payment will be made on the notification of the officer's appointment in the *London Gazette*.

* To include officers who, while holding commissions, temporary or otherwise, in the Royal Navy, Royal Marines, Special Reserve, Indian Army Reserve of Officers, Militia, Territorial Force, New Armies, Forces of the Overseas Dominions & Royal Air Force served overseas with an Expeditionary Force between 5th August 1914 and 10th November 1918.

† The decision as to what constitutes a "blue" and a "half blue" will rest with the Commandant.

† In the event of one cadet qualifying under more than one head, the Commandant will be required to make a recommendation. No cadet can hold more than one scholarship.

The amounts issued will be charged against Head 1 and Vote 1A as in the case of the pay of the officers. If an officer is transferred to Indian payment, a note will be made on the last pay certificate showing the period covered by the last-payment.

44. The Controllers of Military Accounts in India will continue the payment of the scholarship with reference to the information given on the Home last-pay certificate, vide paragraph 5 of the Army Order and debit it to the minor head to which the pay of the officer is debited. In the event of the officer being transferred from the payment of a Controller, a note showing the period covered by the last payment will be made on the last-pay certificate.

45. No refund will be required in respect of any payment already made in the event of an officer becoming non-effective or otherwise ceasing to be entitled to the grant.

46. The winners of scholarships who can afford to do so will be given the opportunity of resigning the emoluments attaching to the scholarship in favour of those less fortunately circumstanced. In such a case, the winner would still retain the titular distinction.

47. An officer holding a scholarship will be liable, at the discretion of the Army Council, to forfeit it for misconduct.

KING'S INDIA CADETS AND HONORARY KING'S INDIA CADETS.

This section is applicable only to (a) candidates for King's India Cadetships, who are sons of persons who have served in India in the Military or Civil Service of His Majesty or of the East India Company, and (b) candidates for Honorary King's India Cadetships, who are sons of Indian holders of the King's Commission in the Indian Army or Indian Medical Service.

King's India cadets.

48. King's India cadets will be nominated by the Secretary of State for India in Council, under the provision of 21 and 22 Vict. c. 106, and 23 and 24 Vict. c. 100, from sons of persons who have served in India in the military or civil service of His Majesty, or of the East India Company.

Honorary King's India cadetships.

49. Three honorary King's India cadets are nominated annually by the Secretary of State for India in Council.

Such cadets are appointed from—

(*a*) The sons of officers of the Indian Army or Indian Medical Service who were killed in action or have died of wounds received in action within six months of such wounds having been received, or from illness brought on by fatigue, privation, or exposure, incident to active operations in the field before an enemy, within six months after their having been first certified to be ill.

(*b*) The sons of officers of the Indian Army or Indian Medical Service who have attained the brevet or substantive rank of major or lieutenant-colonel, and have performed long or distinguished service.

King's India cadets, and honorary King's India cadets, will be required, before admission to the College, to qualify (i.e., obtain 50 per cent of the marks allotted in each of the three obligatory subjects of Class I) at an Army Entrance Examination, and to furnish satisfactory evidence that they are eligible with regard to age and character. For limits of age, see paragraph 2.

52. King's India cadets may be exempted from paying the following sums towards covering the expense of uniform, books, library, recreation, etc. (included in the contributions referred to in paragraph 10) if so decided by the India Office:—

	£

53. Cadets are subject to such rules and regulations as are, or may be, from time to time established for the maintenance of good order and discipline at the Cadet College.

Rustication, etc.

54. The Commandant has the power of rustication, and also of sentencing a cadet for misconduct to drop a term or to lose places in the list of successful candidates for commissions. In all such cases, the circumstances will be reported by the Commandant to the Under-Secretary of State, the War Office. A rusticated cadet will forfeit his right to be considered for the Indian Army or the Royal Army Service Corps.

Dropping a term.

55. A cadet may, by order of the Commandant who will report the circumstances to the Under-Secretary of State, the War Office, be kept for two consecutive terms in the same division, either as a punishment for a breach of discipline, or in the case of a backward cadet, where it is considered that he would benefit by extra instruction.

Removal or expulsion.

56. In cases requiring more serious notice, cadets are liable, on the report of the Commandant to the Under-Secretary of State, the War Office, to be:

(1) Removed; or

(2) Expelled.

57. The name of any cadet expelled will be recorded at the War Office, and may, if in the opinion of the Army Council the circumstances warrant it, be made known to the First Lord of the Admiralty, the Secretary of State for India, the Secretary, the Air Ministry, and the Civil Service Commissioners, in order to prevent the admission of the ex-cadet into His Majesty's naval, military, or air service, or home, colonial, or Indian civil service.

58. A cadet is also liable to be removed from the Cadet College:

(1) For moral or physical unfitness;

(2) For unsatisfactory progress in his studies, or physical exercises; or

(3) If reported by the Commandant as not likely to become an efficient officer.

59. On receipt of information from the Secretary of State for India of the removal or expulsion of an Indian cadet from the College, the Local Government or Administration concerned will be notified in order that the parent or guardian of the cadet may be informed.

Saluting.

60. Cadets will salute all officers in uniform and those whom they know to be officers when not in uniform. They will also salute the civilian professors and instructors of the Cadet College.

Punishment.

61. Officers Commanding Companies have certain powers of punishment delegated to them, and will report to the Commandant, through the adjutant, all punishments which they may inflict.

Private instruction.

62. Officers, chief instructors, professors and instructors are not permitted to give private instruction on payment to cadets, either during the vacation or at any other time.

Presents.

63. No person belonging to the Cadet College is to receive a present from any cadet, or from the relations or friends of any cadet. Any non-commissioned officer, or employee, who accepts a present is liable to be removed or discharged, and the cadet giving it to be punished for disobedience of orders.

Messing.

64. They will, while at the Royal Military College, belong to the ordinary College Mess and no special messing arrangements can be made on their behalf.

Uniform.

65. Indian cadets are required to appear at all times in the uniform of the College except when on leave or when otherwise exempted by the Commandant, but they will be allowed to wear their national head dress should they so desire.

Servants

96 They will not be allowed to take servants or personal attendants of any kind to the College.

Families of candidates

97 One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

Appointment to Commissions

98 Cadets from India will have to qualify in the ordinary passing out examination and will, on qualifying, be eligible for King's commissions. Before being passed fit for a commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commissions will enter the Indian Army as Second-Lieutenants.

The appointment of gentlemen cadets, after passing out of the Royal Military College, to particular regiments of cavalry and infantry, is governed by the existence of vacancies and the requirements of the service. Indian Cadets will be posted to one of the units selected for Indianization subject to these conditions, appointments will be made on the following principles:—

(1) The first consideration will be given to those cadets who pass out high-est on the list of successful candidates from the Royal Military College, but the Government of India reserve the right to consider special family or territorial claims irrespective of the candidate's position on the list.

(2) A cadet having any special family or territorial connection with a regiment should describe this connection on the preference form which he will be required to fill in during his last term at the College, and careful consideration will be given to such claims in deciding the question of his appointment.

(3) Candidates without special claims are at liberty to apply for particular regiments (not exceeding three).

(4) In making first appointments the candidates' wishes, as stated on the preference form, will be met as far as practicable, having due regard to the preceding paragraphs.

There is no objection to a Colonel of a regiment submitting a recommendation to Army Headquarters, India, on behalf of a cadet whom he may desire to be appointed to his regiment.

99. Prospective Indian candidates who are resident in India should apply for examination to the entrance examinations held in India, and only those candidates who have been resident in the United Kingdom for several years will be permitted to present themselves for examination by the Selection Board held in that country. The Selection Board held in the United Kingdom is set up for the purpose of examining candidates who have been resident in the United Kingdom for several years and have received their education in that country, and not as an alternative to the examination held in India for candidates educated in India.

Form of application.

Intending candidates should submit their application in the form below:—

FORM OF APPLICATION.

(1) Name in full (to be typed or hand printed).
(2) Date of birth (this must be *absolutely* stated).
(3) Caste and tribe.
(4) Name, occupation and address of father, stating if living or deceased.

3. The candidate's height will be measured as follows:—He will be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard, the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows:—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches, $\frac{32}{34}$, $\frac{34}{36\frac{1}{2}}$, etc.

In recording the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the acuteness of vision includes two tests—one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, at a distance of 20 feet, and for the test for near vision, without glasses, at any distance selected by the candidate. The standards of the minimum acuteness of vision with which a candidate will be considered fit are as follows :—

Each eye must have a full field of vision as tested by hand movements.

Squint or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

The degree of acuteness of vision of all candidates for commissions will be entered in the proceedings in the following manner :—

V.R. = ... ; with glasses = ... ; Reads....
V.L. = ... ; with glasses = ... ; Reads....

(1) Where the mass of veins is so great that it hangs down in front of the testicle when the candidate stands up.

(2) If the cord is elongated to such an extent that the testicle hangs at a level obviously lower than normal, of course, allowing for the fact that the left testicle is usually at a lower level than the right.

(3) If there is atrophy to such an extent that the affected testicle is estimated at less than half of the bulk of the gland on the sound side.

(4) Undescended testicle should only be considered a disqualification when situated within the inguinal canal or at the external ring.

Seven Collegiate scholarships (four boys and three girls) are available for award in 1927-28 to students reading in the first year University classes or in the first year class of the recognised course of study, which the pupil is pursuing in any professional or other recognised institution. The scholarships are renewable on application in the prescribed form through the Principal in 1928-29—in the next higher class and in succeeding years in the case of those pursuing their studies in institutions other than Arts Colleges, if necessary, provided the conduct and progress of the scholars are satisfactory.

REPORT ON THE PRESENT CONDITION OF THE COTTON CROP OF 1926-27.

Ceconadas.—In Guntur and Nellore, the crop has been affected by drought to some extent and the yield will be below normal. In Kistna, the crop is making satisfactory progress and has been free from disease.

2. *Northern and Western.*—The *mungari* or early crop has suffered from drought and insect attacks. The *Nangari* or late crop has also been affected considerably by drought. The crop has become stunted in parts and the bolls are turning brown, especially in the Anantapur district. Cotton, as mixed crops of cotton and Italian millet, has almost failed.

3. *Central districts.*—In Coimbatore, the crop is making good progress and is quite healthy at present. In Salem and Trichinopoly, the crop has suffered from drought. Damage by insect-pests is also reported from Salem.

4. *South.*—Cambodia has a poor stand owing to failure of rains after sowing. The karunganni crop is below normal but may improve with a good shower.

AUCTION FOR SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES TO THE CENTRAL JAIL, RAJAHMUNDRY.

NOTICE is hereby given that the Superintendent will hold an auction at the Central Jail, Rajahmundry, at 2 p.m. on Wednesday, 23rd February 1927, for the supply of the following articles of rations and miscellaneous articles during the financial year 1927-28 from 1st April 1927 to 31st March 1928. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above and are accompanied by the earnest money specified in the schedule. Tenders which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the Central Jail, Rajahmundry." They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Central Jail, Rajahmundry, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken (with approval of the Inspector-General of Prisons, the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contract should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus so much as may be needed to last for a whole month thereafter, provided in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the jail except on a requisition signed by the Superintendent or some responsible person authorized by him in writing to do so 'by order.'

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees in the case of bills for

Rs. 25 and over to which end annas forming part of the sum due on such bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account, and the total of bills for less than Rs. 25 will be rounded off to the nearest anna, i.e., amounts below six pies will be disregarded and six pies and above will be taken as an anna.

9. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply, a memorandum or advice note, duly signed, showing the number of quantity tendered for acceptance also to sign and return within a week of payment by cheque, cash order or remittance transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent separately but are not to be made an excuse for delay or refusal to sign.

10. In addition to any difference in prices that may be recoverable from the contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it recovering all losses sustainable by the jail in consequence of the annulment, from the security deposited by the contractors, or other moneys due to them, and in the event of any residue, by legal measures, if so advised.

11. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

12. Further information on any point concerning this notification may be had from the jail office.

13. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent or to the Inspector-General of Prisons will not be considered.

AUCTION FOR THE SUPPLY OF RATIONS AND MISCELLANEOUS ARTICLES TO THE ALIPURAM JAIL, BELLARY.

Notice is hereby given that the Superintendent will hold an auction at the Alipuram Jail, Bellary Cantonment, at 1 p.m. on Thursday the 24th February 1927, for the supply of the following articles of rations, etc., during the year 1927-28. Intending bidders are requested to be punctual. In the cases of suppliers who may be unable to attend the auction sealed tenders will be accepted, provided they reach the Superintendent on or before the day and hour mentioned above and are accompanied by the earnest money specified in the schedule. Tenders, which will only be received on printed forms to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the Superintendent, Alipuram Jail, Bellary". They will be opened at the time of the auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivery at the Alipuram Jail, Bellary Cantonment, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid for tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition, they should, before signing such agreements, deposit a security of 10 per cent of the total value of the supplies undertaken (with the approval of the Inspector-General of Prisons, the amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated, and, in the event of withdrawal, they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to reject any bid or tender without assigning any reason.

4. Contracts should not be sub-let.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of contract, plus so much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities, that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No articles to be supplied except on a requisition signed by the Superintendent or some responsible person authorized by him in writing to do so "by order".

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills, but payment for articles delivered at the jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees to which end annas forming part of the sum due on each bill will be disregarded unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn, all grain, etc., will be liable to be first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs. 25) to invariably send with each supply a memorandum or advice note, duly signed, showing the number or quantity tendered for acceptance. Also to sign and return within a week of payment by cheque each order or remittance, transfer receipts, all connected bills forwarded by the Superintendent for the purpose. Questions in connection with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons he may also annul it, recovering all losses sustained by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and in the event of any residue, by legal measures, if so advised.

12. All wastages found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the jail office.

Conditions of auction sale.

I. Any person desiring to bid must deposit Rs. 20 with the selling officer on the day of sale, but discretion is given to the selling officer to reduce the deposit to Rs. 10 when necessary. In Madras City the deposit to be made by each bidder will be Rs. 50. No one will be admitted to the auction room unless he has made this deposit. No one may bid for another person unless he holds a power-of-attorney from him. Deposits made under this clause will be returned on application to unsuccessful bidders at the close of the day's sale.

Note.—In Madras City the deposit must be paid into the taluk treasury and the chalan for such payment produced before the selling officer. Deposits will be returned, under the order of the selling officer to unsuccessful bidders at the close of the day's sale on presentation of the chalan at the taluk office

II. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a criminal court or has previously been guilty of such a breach of the conditions of licence or of a contract under the $\frac{\text{Abkari}}{\text{Opium}}$ Act as to render him undesirable as a holder of a licence; or (2) that he is insolvent or in arrears to Government; or (3) that his bid is purely speculative; or (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighbouring village; or (5) that he is contract supplier of country spirits for the contract area within which the shop is situated; or (6) that he is a brewer bidding for beer shops; or (7) that such a course is necessary to prevent arrangements to the detriment of Government interests; or (8) for any other valid reason

III. The reserve price placed on each shop will not be published but the average annual rental during the previous five years will be notified by Collectors, wherever possible, for the information of bidders. The selling officer will fix the upset price of each shop.

IV. The shops will be put up to auction in the order in which they are notified unless the selling officer sees reason to change that order.

V. The highest bid will be provisionally accepted by the selling officer subject to confirmation by the Collector. Such subsequent confirmation after the close of the sale will be necessary even if the selling officer is the Collector himself. The Collector will be at liberty to accept or reject any bid at his discretion. If the selling officer before the close of the sale rejects under condition II the highest bid for any shop he may at his discretion either accept the next highest bid or resell the shop. In case of dispute the selling officer's decision will be final.

VI. (*a*) Every person whose bid is provisionally accepted shall

(1) at once, if so required by the selling officer or otherwise at the close of the day's sale, deposit in addition to the deposits made under clause I half a month's rent for each shop knocked down to him,

unless the initial deposit equals or exceeds two months' rent;

(ii) at once apply in writing for a licence for each shop knocked down to him and within a week thereafter furnish the Tahsildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this notification) showing details of the immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(iii) within fifteen days from the date of sale deposit such further sum as with the deposits already made under sub-clause (i) supra will make up two months' rent of all shops knocked down to him.

(*b*) Further if the Tahsildar is not satisfied that any such person can be trusted to pay his rent punctually and fully, he may require him, in addition to the deposits required under clause (*a*) (iii) supra, either

(i) to deposit two months' rent of all shops knocked down to him, or

(ii) to execute a mortgage of his immovable property in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(iii) to produce a surety or sureties, to be accepted by the Tahsildar, who should execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of the Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(iv) if the Tahsildar is not satisfied that the value of his immovable property tendered as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Tahsildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government. The sureties referred to in sub-clause (iii) and (iv) should submit to the Tahsildar a statement in the prescribed form annexed to this notification showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (i) to (iv) above, within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser. He shall also be bound to execute a counterpart agreement.

VII Deposits will be returned in any case in which the Collector refuses to confirm the acceptance of the bid.

VIII. At the close of the day's sale the selling officer will notify the date on which resales, if any, are found necessary, will be held; when the list of shops to be resold has been drawn up, a copy of it will be sent to any bidder who gives his name and address to the Tahsildar.

IX The order of the Collector confirming or refusing to confirm the acceptance of a bid shall be final unless it is revised by the Commissioner for special reasons.

X. On the failure of any person to make a deposit or apply for a license under condition VI or to comply with any requisition or to execute any engagement under condition VI, the deposits already made may be forfeited and the shop may be resold under the orders of the Divisional Officer or on a report from the Divisional Officer may be otherwise disposed of by the Collector. Resales under this condition will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable in the same manner as if it were an arrear of land revenue. Should however the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the shop is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by resale includes closure.

XI. The purchaser of any abkari or opium privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal licence may not have been issued to him. In the event of the purchaser's death after issue of the licence, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence.

XII The deposits under condition VI (*a*) (iii) and (*b*) (i) may be made either in cash or in recognized Government, Port Trust, Municipal or Local Board Securities, or by depositing Postal savings bank pass books or deposit certificates obtained from the Provincial Co-operative Bank (Madras Central Urban Bank) or from any of the Central Banks approved by the Registrar of Co-operative Societies. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such higher face value than the cash deposit required as in the circumstances of the market he may think necessary. Where the deposits under this condition are sufficient, under the Collector's orders, to cover also deposits made in cash under conditions I and VI (*a*) (*i*) which have not been refunded as well as deposits due under condition VI (*a*) (iii) and (*b*) (i) the deposits made in cash may be returned to the depositors. Renters who have made the deposits under condition VI (*a*) (iii) and (*b*) (i) in the form of deposit certificates obtained from any of the Central Banks mentioned above or in cash may make a formal requisition to the Treasury Officer to transfer the cash deposits made by them under conditions I and VI (*a*) (*i*) or under conditions I, VI (*a*) (*i*) and VI (*a*) (iii) and (*b*) (i) to the fixed deposits in the Central Bank in the name of the Tahsildar. The Treasury Officer will endorse this requisition on to the Bank and inform it that when the Bank gives the necessary formal receipt, he will hand over the amount to the representative of the Bank duly authorized to receive it, or will remit it by postal money order or insurance cover to the Bank. When the amount has to be sent by postal money order or insurance cover the renter will be required to deposit in the Treasury, with his requisition to transfer the deposit, an amount which shall, in the opinion of the Treasury Officer, be sufficient to cover the cost of forwarding the amount of the deposit to the Bank; any balance not utilized for this purpose will be credited towards any rent due from the depositor. The securities or savings bank pass books deposited must be endorsed in the name of the Collector and Government promissory-notes must be enfaced for payment of interest at the treasuries at which they are deposited, if so required. In the case of Co-operative Bank deposit certificates the deposits must be made in the name of the Tahsildar of the taluk, the contractor must agree in writing that he undertakes the risks, if any, involved in the investment and the banks must certify on the deposit certificate granted that the deposit is withdrawable on the Tahsildar's demand.

XIII. Deposits in cash will be adjusted towards the instalments of kists due in the last months of the period of the lease. Deposits of securities or savings bank pass-books or Co operative Bank deposit certificates will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the licence or of the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In cases of default under condition X of the conditions of auction sale or under condition 37 of the general conditions applicable to all abkari and opium licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale, being recovered as arrears.

Condition of Issue of Licences for Wholesale Vend of Arrack.

XIV. Applications for the privilege of wholesale vend of country spirits should reach the Collectors concerned on or before the 1st March 1927 and should be accompanied by a fee of Rs. 15 which will be returned to those persons whose applications for licences are not approved. The grant of licences confers no exclusive privilege, and it will be open to the Collector to grant licences under like conditions to other persons at any time during the currency of the licences for which applications are now invited. Licences will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the district to the opening of their depots and deposited such amounts as may be required by the Collector as security for the proper fulfilment of the conditions of the licence. If such depots are not worked to the satisfaction of the Collector, they may be closed at any time. Wholesale depot licences will not be granted to persons having interest in retail shops.

The licences issued under the above clauses will contain the following general conditions common to all abkari and opium licences and the special conditions prescribed below for any particular kind of licence :—

General Conditions applicable to all Abkari and Opium Licences.

1. Shops and depots must be opened by the dates fixed by the Collectors and must be kept open every day unless their temporary or permanent closure is authorized under condition 10, 11 or 40 infra.

2. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits notified by the Collector, provided the site selected is approved of by the Revenue and Police Authorities. The limits of the site selected and approved will be entered in the licence. The possession (except subject to the rules applicable to unlicensed persons) or sale of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales under any abkari or opium licence must be conducted in an approved building of which the whole or the whole of a separable part must be entirely set aside for use as a depot or shop. Licensees must keep their shop premises in a sanitary condition to the satisfaction of inspecting officers. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 or over, there shall be no possible means of ingress or egress in any direction except into the main street; if there are other doors they shall be kept locked under the seal of an officer of the Excise Department; the interior of the shop shall be sufficiently lighted by day and the whole interior visible from the front door; the shop shall not be used as a place of residence save by the vendor and his family or caretakers. If there are means of communication between the depot or shop and an adjoining dwelling house, they must be kept locked at night.

4. Except when two or more foreign liquor licences are held by one person or in the case of licences held by chemists and druggists and medical practitioners, sales under different licences must be conducted in different premises.

5. Private bars in liquor shops may be allowed by the Collector under a special licence to be granted by him free of fee; provided that the interior of the bar is wholly visible from the doorway, and that the entrance to it is either through the main door of the shop or through a separate door provided with a proper sign to show the nature of the bar.

6. A signboard must be affixed to the front of each depot or shop showing the nature and number of the licence under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and in the case of taverns and wholesale depots in English also. The licence must be hung up in a conspicuous place within the depot or shop.

7. The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the licence relates or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding licence is prohibited.

8. Such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained in depots and shops.

9. No arrack shop, foreign liquor tavern or beer shop shall be opened before 9 30 a.m. Toddy shops in Salem town shall not be opened before 9 a.m. No other shop or depot shall be opened before sunrise.

10. (a) No depot or shop shall be kept open after 6 p.m. except under special authority. Collectors may at their discretion order the closure of any depot at sunset and may on the report of the Police or for other sufficient reasons order the closure of any shop at an earlier hour if they consider such a course to be advisable in the interests of the public. The Commissioner may for sufficient reasons under the general closure of any kind or kinds or all kinds of licensed premises at any earlier hour than 6 p.m.

(b) With the previous sanction of the Commissioner, Collectors are authorised (i) to notify at the time of the auction that specified shops will be closed on the occasion of specified festivals, and that the hours of sale at specified shops which are in the neighbourhood of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease, if it is found that the shops promote drunkenness; (ii) to order the closure of specified shops in the neighbourhood of factories, mills and other places, where large numbers of operatives assemble, from 11–30 a.m. to 2-30 p.m. on week days, on the afternoons of pay days and at all hours on Sundays except between 11–30 a.m. and 4 p.m. A special condition embodying these restrictions or liabilities will be inserted by the Collector in the licences granted to the renters of all such shops.

(c) The closing hour of hotels in the Nilgiris is 10 p.m.

(d) The closing hour for refreshment rooms, hotels and hotel bars in Madras town is 10 p.m. The Collector of Madras and the Commissioner of Police, however, may jointly permit the extension of the time to 11 p.m.

(c) 9 p.m. is fixed as the general closing hour in the case of Railway refreshment rooms. Collectors are authorized to note in the licences the particular hours after 9 p.m. during which such licensed premises may be kept open for the sale of liquor to bona fide travellers only with reference to arrival and departure of trains. Collectors may alter these hours during the currency of the licence with reference to any alteration in the Railway Time Tables.

11. Depots and shops must be closed, if the Collector so orders, while a regiment or detachment of soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also temporarily to close any shops in times of religious excitement or disturbance. Every depot and shopkeeper shall close his depot or shop when a riot or disturbance occurs or appears likely to occur in the neighbourhood.

12. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to liquor, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose. This prohibition, however, does not apply to the compounding or blending of liquor or to the manufacture of intoxicating drugs from hemp drugs and opium in accordance with the terms of a licence. Liquor shall not be bottled except under a bottling licence. Nor shall different kinds of liquors be mixed and sold under the designation of one of them.

13. No woman shall be employed in any abkari or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Collector unless she be a member of the renter's family.

14. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment in any capacity of such persons in shops or depots licensed for the sale of the same are prohibited. No persons who have been convicted under the Indian Penal Code shall be employed in the transport or sale of liquor, opium or intoxicating drugs without the Collector's previous permission. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in any capacity in connexion with the management or the working of a depot or shop and the tapping and drawing of toddy for the supply of toddy shops in the topes in which the trees are marked and if he disapproves of any such person, may forbid the licensee from keeping him in employment.

Note.—This rule applies to the sale of eatables by persons in liquor shops.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the licence—

(1) to sailors of the Royal Navy, soldiers and members of their families; or

(2) to any other person living in barracks;

(b) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, i.e., any class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(2) to Policemen, Excise officers and Railway servants when on duty; or

(c) in any circumstances to any—

(1) European vagrant under escort of the Police;

(2) child or young person under eighteen years of age or adult female;

(3) insane person;

(4) person known or believed to be intoxicated; or

(5) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime; and

(d) No child, young person under eighteen years of age or adult female shall be admitted into the premises of any shop in which consumption is allowed on the premises subject to the exception in condition 13.

Note.—(1) The restrictions in (c) and (d) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

(2) The restrictions in clauses (c) and (d) so far as they relate to adult females do not apply to foreign liquor licenses issued on fixed fees.

16. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

17. No liquor, opium or intoxicating drug shall be sold either below or above such minimum* or maximum prices as may be fixed for sale of the same in accordance with the law for the time being in force.

18. No liquor, opium or intoxicating drug in excess of the quantities prescribed for possession without a licence as specified below shall be issued to any person at any one time from any licensed premises without a valid permit, nor shall liquor be sold at wholesale depots in quantities less than the minima prescribed.—

All liquor imported in bulk and bottled in the Presidency received into or kept for sale at the tavern shall bear a printed label showing clearly the nature of the liquor contained therein, the country of manufacture, the name of the bottler as entered in his licence and the place of bottling. The licensee is forbidden to alter either the nature of the bottled liquor purchased by him or the labels upon the bottles, on pain of forfeiture of his licence. Beer should be sold from the original receptacle in which it is received from the brewery and should not be transferred to any other receptacle or receptacles except for special reasons to be recorded immediately by the licensee in his shop account book before transfer is effected.

The contractors shall not be entitled to refuse to supply coconut toddy arrack except on the ground of want of stock. The liquor must be kept in receptacles labelled "Spirit manufactured in Malabar". The rate of duty is Rs. 17-8-0 per proof gallon.

4. The minimum strengths at which imported and locally-made foreign spirits can be sold are 35° underproof for gin, 36° underproof for colombo arrack and coconut toddy arrack and 25° underproof for all other kinds of spirits including Italian arrack except denatured spirits.

But shops which have obtained Indian beer from the Bangalore brewery during 1922-23 may get their supplies from that brewery. Applicants shall be entitled to have Indian beer of good quality issued to them in the order of their applications and with all reasonable despatch. All complaints as to the quality of the beer supplied will be disposed of by the Commissioner whose decision shall be final.

2. The licensee is prohibited from importing beer manufactured in India from places other than Bangalore without the previous permission of the Commissioner. The sale of such beer not so imported is also prohibited.

Special Conditions applicable to Tavern Licences in places where there are no Beer Shops.

Beer should be sold from the original receptacle in which it is received from the brewery and should not be transferred to any other receptacle or receptacles except for special reasons to be recorded immediately by the licensee in his shop account book before transfer is effected.

Special Condition applicable to Beer Shop Licences on The Nilgiris.

The licensee shall obtain beer from such brewery and at such price as the Collector may notify

Conditions applicable to Ganja Shop Licences.

1. The licensee shall be bound by the Hemp Drugs rules prescribed by the Board in Notification No. 1, dated 6th January 1921, published on pages 79–80 of the *Fort St. George Gazette*, dated 11th January 1921, Part II, and by any additional, general, or special rules which may from time to time be prescribed and notified

2 The privilege conferred extends only to the sale of ganja, bhang and other intoxicating drugs prepared from the hemp plant; but the privilege shall not extend to the sale of ganja or bhang mixed with tobacco in any form for the purposes of smoking or chewing.

3. The licensee must obtain his supplies of ganja and bhang from the storehouses at Vetapalem and Santavesal or from other shops within the same district as the shop. The Commissioner may, however, at any time require any licensee to obtain his supplies from any one specified source or from the stock of Government ganja at Vetapalem.

4. During the closing month of lease (March) no licensee shall apply for more ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for ganja in March to the Storehouse Officer or to any ganja shopkeeper shall be sent through the Inspector of the circle in which the shop is situated who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

5. Owners of stocks at the Santavesal and Vetapalem storehouses, so long as they have stock in hand, are bound by a condition of their licence to supply ganja to licensed vendors on payment, in legal tender, of the value thereof at a rate not exceeding Rs. 2 per seer of 80 tolas or such other maximum as may be fixed either generally or with reference to any particular case. They are also bound to comply with indents for intoxicating drugs received from shopkeepers in accordance with the rules in the order of their receipt and with all reasonable despatch and to appoint agents at the storehouses to act for them during their absence, if any. Should they fail to do so, it will be open to the Storehouse Officers to issue intoxicating drugs on their behalf when indents are received during their absence.

6. At the Vetapalem storehouse, Government ganja and bhang will be sold to licensed vendors when there is stock available at a fixed price of Rs. 1–8–0 per seer of ganja and As. 8 per seer of bhang. Licensees desiring to purchase this ganja or bhang must pay both the duty and the cost price of the drugs into the treasury of the taluk in which their shop is situated. They should forward the treasury receipts evidencing the payment of duty and cost price to the Storehouse Officer who will make the issues from the stocks in the storehouse

7. No consignment of intoxicating drugs obtained from a Government storehouse shall be opened before it has been verified and passed by an authorized Government officer. Infraction of this provision will subject the licensee to a fine which may extend up to Rs. 200.

8. No licensee shall keep any greater quantity of ganja, bhang and other intoxicating drugs prepared from the hemp plant than may be fixed by the Collector. The Commissioner may, at any time, during the currency of the lease, if he finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the licensee.

9. Licensees are prohibited from breaking up the pressed ganja kept for sale in their shops except in small quantities not exceeding the average daily sales in their shops. Other drugs may be manufactured from ganja and bhang in shops and sold to other licensees under these rules.

10. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds, if separated from the stock, as well as any part of the stock which the licensee desires to destroy, should be carefully preserved for examination and destruction by an inspecting officer.

11. No licensed cultivator or licensed stockholder shall hold any interest in any retail shop.

12. If any ganja licence is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler or if the Collector has reason to suspect that the licensee is guilty of any offence of that nature, he may, after recording his reasons, forthwith cancel the licence and resell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a licence is cancelled under this condition.

13. The duty on ganja will be Rs. 22–8–0 per seer and on bhang Rs. 6 per seer.

Conditions applicable to Opium Shop Licences.

1. The licensee shall be bound by the rules prescribed under the Opium Act in Government Notification No. 3, dated 9th July 1918, published on pages 710–714 of the *Fort St. George Gazette*, dated 16th July 1918, Part I, and any additional general or special rules which may from time to time be notified.

2. The privilege conferred extends only (*a*) to the retail sale of opium and (*b*) to the manufacture and retail sale of intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking in shops duly sanctioned.

3. The price of opium at taluk cutcherries will be Rs. 75 per full seer cake and Rs. 37–8–0 per half seer cake.

4. The licensee shall obtain his supply of opium from such taluk cutcherry as may be ordered by the Collector in quantities of a half seer and multiples thereof on complying with the rules regulating such issues, or from other shops within the district under the special orders of the Collector. No opium other than that obtained in the manner specified above shall be sold or received or possessed by the licensee. During the closing month of the lease (March), the licensee shall not apply for more opium than is necessary to meet legitimate requirements of the

remaining days of the lease. Every indent for opium in Marab will be carefully scrutinized by the officer in charge of the taluk treasury who may, at his discretion, refuse to comply with it in full, and may issue such quantity as he considers reasonable.

5. The licensee shall not sell at one time to any person more than one tola of opium or intoxicating drugs, except in the Agency tracts of Ganjam, Vizagapatam and East Godavari where he may sell up to two tolas.

6. The licensee shall keep at any one time no greater quantity of opium and intoxicating drugs other than morphine or preparations for smoking than may be fixed by the Collector. The Collector may with the previous approval of the Commissioner, by notification at the time of auction sales, impose a maximum limit on the quantity to be sold under a licence and the Commissioner may, at any time during the currency of the lease, if he finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the licensee.

7. If the licence is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Collector has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the licence and resell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a licence is cancelled under this condition.

8. The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphine or preparations for smoking are prohibited.

9. Discretion is reserved to Collectors to issue separate licences to licensed shemuts for the sale of opium and the manufacture and sale of opium preparations for medicinal purposes only.
